Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded for free. Keep your files private, or send your download links only to friends or family. There are no restrictions on the number of times a file can be downloaded. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Just upload the file you want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to your friends. You can give this download link to your friends by mail or instantmessenger. The cost of that data transfer is covered by your internet service or the data plan on your phone. Our service is completely free for everyone. So tryour free and simple filehosting service now. No account or credit card is required to get started. If only we could, we surely would! On the other hand, using filecan actually save you money. You don't need any special software installed to be able to download your files. It is also allowed to link to the download pagefrom websites and communities. File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in yourcloud storage or mail server. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. We have nofile size limit. Unfortunately, we can't make that part free. Using file, you can circumvent those limits without paying to upgrade your team chat service. Whypay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferredwithin their apps. You decide who you want to share your files with.
