This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can upload any type of file (movies, music, documents, images, zip files and more). So try our free and simple filehosting service now. When you use file, you avoid storing the file you're sending in your cloud storage ormail server. You decide who you want to share your files with. Unfortunately, we can't make that part free. No account or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. We have no file size limit. It is also allowed to link to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of filesthat can be transferred within their apps. Our service is completely free for everyone. Keep your files private, or send your download links only to friends orfamily. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. The cost of that datatransfer is covered by your internet service or the data plan on your phone. File is free to use with no gotchas and no hidden fees. You don't need any specialsoftware installed to be able to download your files. You can give this download link to your friends by mail or instant messenger. If only we could, we surelywould! On the other hand, using file can actually save you money. filehosting provides an easy possibility for you to send large files to your friends. Just uploadthe file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Using file, you can circumvent those limits without paying to upgrade your team chat service. Simply upload your file and share the link. Alternati
