Maybe even better than free.

Simply upload your file and share the link. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Files canbe downloaded from any computer from our high speed servers. When you use file, you avoid storing the file you're sending in your cloud storage or mailserver. So try our free and simple filehosting service now. Keep your files private, or send your download links only to friends or family. Files transferred theold-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. There are no restrictions on the number of times afile can be downloaded. Just upload the file you want to share with your friends and we send you a download link to your file. Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that part free. No account or credit card is required to get started. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. You don't need any special software installed to be able to download your files. The cost of that data transfer is covered by your internet service or the data plan on your phone. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Our service is completely free for everyone. filehosting provides an easy possibility for youto send large files to your friends. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music, documents, images,zip files and more). It is also allowed to link to the download page from websites and communities. This is easy, fast and reliable filehosting! You don't needany kind of premium-accounts. We have no file size limit. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps.
