Maybe even better than free.

This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to your friends. You can upload any type of file (movies, music, documents, images, zip files and more). There are no restrictions on the number of times a filecan be downloaded. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files transferred the old-fashioned way tendto pile up and be forgotten about, eventually costing you money in data storage fees. Alternatively you can choose to share your download links on blogs,forums and social networking sites. The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no file size limit.Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. You can give this download link to yourfriends by mail or instant messenger. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Keep your files private,or send your download links only to friends or family. Just upload the file you want to share with your friends and we send you a download link to your file.File is free to use with no gotchas and no hidden fees. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. Any file in any format canbe uploaded and downloaded for free. Our service is completely free for everyone. It is also allowed to link to the download page from websites andcommunities. You decide who you want to share your files with. Unfortunately, we can't make that part free. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. No account or credit card is required to get started. If only we could, we surely would! On the other hand, using file can actually save you money. Youdon't need any special software installed to be able to download your files.
